Subject: Request for Approval to Develop VIPER Examination Portal  
To: <principal@svecw.edu.in>  
Cc: Dr. A Ramesh <principal@viper.ac.in>

Respected Sir,  
Greetings from Vishnu Institute of Pharmaceutical Education & Research (VIPER).

I am Dr. P. Raja Shekar, Controller of Examinations at VIPER. Following our meeting at your office in Bhimavaram on 06-01-2025 at 04:00 PM, I would like to discuss further your support in upgrading our examination branch to meet the Autonomous criteria, specifically regarding the development of the ERP software for the VIPER Examination Portal, with the assistance of your SVECW faculty.

We have outlined the following timelines for the development of the VIPER Examination Portal:

15-02-2025 : Pre-examination process  
25-03-2025 : Post-examination process  
21-04-2025 : University requirements reports

In this regard, we kindly request your approval and a quotation for the development of the portal, as per the outlined timelines.

We greatly appreciate your support and look forward to a positive response, which will help us move forward with this initiative.

Thank you in advance for your assistance.

Sincerely,  
Dr. P. Raja Shekar  
Controller of Examinations  
Vishnu Institute of Pharmaceutical Education & Research (VIPER)  
Mobile: 9000213666

The Head of the Department,  
Department of Information Technology.

**Subject: Request to Initiate Development of Autonomous Examination Portal for VIPER College**

Dear Sir,

With reference to the communication received from **Vishnu Institute of Pharmaceutical Education and Research (VIPER)** dated 18-01-2022 regarding their interest in implementing a comprehensive **Autonomous Examination Portal**, we are pleased to request the support and technical expertise of your department in developing the said system. The proposed portal is expected to cover end-to-end examination functionalities.

Considering the IT department's expertise in academic automation, you are requested to form a dedicated team, gather requirements in coordination with VIPER's Examination Cell, and initiate the system design.

We appreciate your continued support and look forward to a robust solution tailored to VIPER's academic needs.

Thanking you,

Yours sincerely,

**Principal**

Subject: Acceptance of Responsibility to Develop Autonomous Examination Portal for VIPER

Dear Sir,

I sincerely thank you for the opportunity extended to the Department of Information Technology to undertake the development of the Autonomous Examination Portal for VIPER. We truly appreciate your confidence in our team's capabilities and look forward to delivering a robust and efficient solution.

We are pleased to accept the task. Dr. S. Ravi Kumar and his team will lead the project, coordinating closely with VIPER's Examination Cell. The team will ensure timely and efficient delivery, with periodic updates shared for your review.

We appreciate your trust in our department and assure you of our full commitment to this initiative.

Sincerely,

  
Dr D.V. Naga Raju

Head of the Department- IT.

Dt: 18.01.2025

To,

Dr. S. Ravi Kumar,

Asst. Professor,

Department of Information Technology

Sub: VIPER Examination Portal project assignment

We have received a request from Vishnu Institute of Pharmaceutical Education and Research (VIPER), Narsapur regarding the automation of the examination portal in their college. You are hereby assigned as the Project Coordinator for the development of the Autonomous Examination Portal for Vishnu Institute of Pharmaceutical Education and Research (VIPER).

Your responsibilities include requirement gathering, system design, development, testing, and deployment, in coordination with VIPER's Examination Cell. You may form a support team as needed, and departmental resources will be made available to facilitate the project.

The project will commence in January 2025 and is expected to be completed by March 2025. You will have full access to all necessary support to ensure smooth and timely execution.

Given your expertise, I am confident in your ability to lead this project successfully. Please confirm your acceptance and initiate the process accordingly.

Sincerely,

[Dr D.V. Naga Raju]

Head of the Department- IT.

Dt : 19-01-2025

**Sub: Acceptance for developing the Autonomous Examination Portal.**

Dear Sir,

With reference to the request from Vishnu Institute of Pharmaceutical Education and Research (VIPER) dated 17-01-2025 we would like to express our sincere gratitude for considering our institution for the development of the Autonomous Examination Portal.

We are pleased to confirm our acceptance of this project. We are confident that our technical expertise, along with the commitment of our faculty team, will contribute significantly to the successful design and implementation of the system.

We look forward to working closely with the VIPER Examination Cell to understand their requirements and deliver a robust and user-friendly solution that aligns with their academic needs.

Thank you once again for this opportunity. We truly appreciate your trust in our department's capabilities.

Thanking you

Yours sincerely,

Narsapur

Dear Sir,

Greetings from Shri Vishnu Engineering College for Women (Autonomous).

I am pleased to inform you that the Autonomous Examination Portal, developed by the Department of Information Technology, SVECW, for VIPER, has been successfully completed. The project has been executed with diligence and professionalism by the assigned faculty team led by Dr. S. Ravi Kumar, in line with the functional requirements provided. The system is now ready for deployment at your institution as per your convenience.

We appreciate the cooperation extended by your team during the development process and thank you for entrusting us with this responsibility. We look forward to continued academic collaboration between our institutions.

Thank you for your support.

Sincerely,

Principal

**Subject:** Installation of the Autonomous Examination Portal at Vishnu Institute of Pharmaceutical Education & Research (VIPER)

Dear Sir,

I am writing to inform you that Dr. S. Ravi Kumar Suggala has successfully installed the Autonomous Examination Portal at Vishnu Institute of Pharmaceutical Education & Research (VIPER). We are pleased to report that the system has been integrated into our academic operations, and it is now fully functional for use by both our faculty and students.

We sincerely appreciate the efforts of Dr. S. Ravi Kumar and the team at Shri Vishnu Engineering College for Women in facilitating this project. The portal has already made a significant improvement to the efficiency of our examination processes, and we look forward to utilizing it for future academic sessions.

Thank you once again for your support and collaboration. We hope to continue this fruitful partnership in the future.

Sincerely,

## Department of Information Technology

### Autonomous Examination Portal – Project Completion Report

#### 1. Introduction

This report outlines the successful development and implementation of the Autonomous Examination Portal for Vishnu Institute of Pharmaceutical Education and Research (VIPER), executed by the Department of Information Technology, SVECW (A). The project commenced in January 2025 and was completed in March 2025 under the coordination of Dr. S. Ravi Kumar. The portal is designed to automate key examination-related functions in an autonomous academic framework.

The system includes modules for managing student and subject information, mapping students to subjects, conducting internal assessments, facilitating examination registrations, generating hall tickets and nominal rolls, and processing results.

Technologies used include Java/Servlets/JSP for backend logic, MySQL for database management, and HTML/CSS/JavaScript for the frontend interface.

#### 2. Login Page for the Portal

The **Login Page** is the secured entry point to the Autonomous Examination Portal. It ensures that only authorized users—such as administrators, faculty members, or examination cell staff—can access the system functionalities.

### 3. Student Upload Module

This module allows administrative staff to upload student data in bulk through Excel or CSV files. The uploaded data includes registration number, name, gender, branch, year, semester, and section. The system validates the data format before storing it in the database to ensure consistency and accuracy.

The screenshot shows a web browser window with the URL `localhost:8080/viperexamportal/importsstudents.jsp`. The page header features the Vishnu Institute of Pharmaceutical Education & Research (VIPER) logo and name, along with the text "EXAMINATION PORTAL". Below the header, a navigation bar includes links for "New", "Edit", "Examinations", "Downloads", "Pre Registrations", "General", and "Logout". The main content area displays a "STUDENTS DATA IMPORT FORM" with a file upload section containing "Excel File:", "Choose File", and "No file chosen" buttons, and an "Import" button.

### 3. Subject Upload Module

This feature enables the uploading and management of subject-related data, including subject codes, names, semester offered, and subject type (Theory/Lab). The data is maintained semester-wise and linked to academic regulations.

The screenshot shows a web browser window with the URL `localhost:8080/viperexamportal/importssubjects.jsp`. The page header features the Vishnu Institute of Pharmaceutical Education & Research (VIPER) logo and name, along with the text "EXAMINATION PORTAL". Below the header, a navigation bar includes links for "New", "Edit", "Examinations", "Downloads", "Pre Registrations", "General", and "Logout". The main content area displays a "SUBJECTS DETAILS IMPORT FORM" with a file upload section containing "Excel File:", "Choose File", and "No file chosen" buttons, and an "Import" button.

## 4. Student-Subject Mapping

The mapping module links each student to their respective subjects based on semester, branch, and section. This mapping is critical for both internal assessment tracking and semester-end result processing. A user-friendly form interface allows administrators to select students and assign subjects using dropdown menus.

The screenshot shows a web browser window with the URL `localhost:8080/viperexamportal/MapSubject1.jsp`. The page header includes the VISHNU logo, the text "VISHNU INSTITUTE OF PHARMACEUTICAL EDUCATION & RESEARCH: VIPER (Narsapur, Medak, Telangana 502313)", and "EXAMINATION PORTAL". Below the header, it says "Logged User : ACE". A navigation bar contains links: "New", "Edit", "Examinations", "Downloads", "Pre Registrations", "General", and "Logout". The main heading is "Subject Mapping". The form, titled "Branch Selection", contains the following fields: "Course:" (dropdown), "Branch:" (dropdown), "Semester:" (dropdown), "Section:" (dropdown), "Regulation:" (dropdown), "Academic Year: (yyyy-yyyy)" (text input), and a "Next->" button.

## 5. Mid Examination Marks Entry

Faculty members use this module to enter mid-term assessment marks for each student. The entry fields include descriptive test marks, quiz scores, assignment marks, and the total mid marks. Data is validated upon entry, and subject-wise mark sheets are automatically updated in the backend.

The screenshot shows a web browser window with the URL `localhost:8080/viperexamportal/midStep1.jsp`. The page header is identical to the previous screenshot. The navigation bar is also the same. The main heading is "Mid Examinations Marks Entry". The form, titled "Branch Selection", contains the following fields: "Course:" (dropdown), "Branch:" (dropdown), "Semester:" (dropdown), "Section:" (dropdown), "Regulation:" (dropdown), "Academic Year: (yyyy-yyyy)" (text input), "Mid Number" (dropdown), "Subject Category" (dropdown), and a "Next->" button.

## 6. Mid Examination Report

This report provides a summary of internal assessment scores for each student across all subjects. It is generated semester-wise and includes detailed breakdowns of individual components (descriptive, quiz, assignment) along with total scores. The report is used for internal academic reviews and parent-teacher meetings.

## 7. Examination Registration and Hall Ticket Generation

Students can register for examinations through this module. It lists all eligible subjects based on the mapping and allows the selection of regular or backlog papers. Once registered, the system generates a hall ticket with student details, subject list, and exam schedule in PDF format.

## 10. Examination Results Processing

The results processing module computes final grades based on internal and external marks. Administrators can input marks, apply grading logic, and publish results subject-wise. The system supports generation of result sheets in tabular and printable formats.
